## Who Buys Custom Poker Products?

### **PROMOTIONAL PRODUCTS:**

Because it appears that poker is here to stay, poker products have become a very popular item for companies to use for promotional gifts and/or incentive products.

Individuals and companies that formerly used Cigar Humidors, Wallets, Golf Balls or other men's gifts are now turning to Poker Sets, Poker Table Tops, Custom Slot Machines, Playing Cards, Poker Chip Key Chains...etc....

We have poker and casino products available to meet any price point. Let our sales staff assist you in finding the perfect item to fit your needs. Once you identify the price point, Our staff will offer you several options to present to your clients.

### **CASINOS:**

While this category may also fall under the above, it needs to be pointed out separately that Casino's and Card Rooms will often go a little deeper into the product base for their promotional gift selections. While they still may be interested in poker sets and cards, many casino clients have ordered Card Covers and Spinners in the past with their logo on it. Trademark's sales staff is here to assist you as needed.

### **POKER LEAGUES:**

A very popular trend are the bar leagues and poker tournaments that are developing all over the world. Many organizations are running poker leagues at local bars and halls in their areas.

Many of these are putting their own logo on the poker chips (Hot Stamp Logos and Full Color Inlay Logo processes are both available through Trademark) to ensure some security.

They are also using poker table tops at these tournaments (table tops are available through us with or without a logo).

Several bar leagues and local tournament groups are soliciting companies to advertise on the chips and tables, which in turn covers their costs and in some cases turns a profit for them. These particular customers often need a new supply as advertisers change.

### **E-CATALOG:**

There are electronic versions of each page from the Promotional Products Catalog pages and art specifications available upon request.

### **Set Up Fees:**

Set Fees for Custom Logos are not included in the pricing structures.

Set Up Fee.....\$50 per logo (R)
